

SIGNATURE SERIES

IN-WALL SPEAKERS AND SUBWOOFERS

SI-770

BUILT-IN LCR/CENTER SPEAKER

Even though the SI-770 features the same dual 6½-inch aluminum cone woofers and a 1-inch liquid-cooled silk dome tweeter as the SI-760 and the 661-SE, the SI-770 is slightly different. Primarily designed to be placed into custom cabinetry, the SI-770 utilizes a special crossover network that enhances mid-range and high frequencies.
