Quick Install

You've found your solution to easy installation, higher output, exceptional performance home theater! The RBH VM-616 is the excellent choice for your entire reference level system.

Magnetically attached grilles can be painted to blend your speakers into your color scheme. Mate your VM-616s with RBH SI subwoofers for the complete visceral surround experience!

VM-616

The VM-616, with its dual 6½-inch aluminum cone woofers and 1-inch aluminum dome swivel tweeter, has high power handling capacity and features quick transient response for high definition in low bass frequencies. Because of its D'Appolito (woofer/tweeter/woofer) design, it can be used for all channels of a complete home theater system. Swing out dog leg mounting system with pre-started screws for fast and easy installation. Self resetting Polyswitch protection circuitry designed to protect the tweeter from being over driven.

The VM-616 is timbre matched to any "VM" model across all the RBH Visage line thus enabling vast combination options to configure the ultimate system for your theater and whole home audio.
