You will love the ease and flexibility of these impressive 2-way on-wall speakers. Add surround or height effects channels to your theater or easy whole home audio to any room.

RBH on-wall speakers are timbre matched to other RBH Signature in-room, in-wall and on-wall products to create unlimited options for your needs. Available in satin white or black.

61A-SW 61A-SW/R

The 61A-SW and SW/R reference version are perfect angled height speaker matches to their bookshelf or tower freestanding and in/on-wall partners with the added benefit of the same amazing performance conveniently wall-mounted. The 61A-SW is lower cost yet high performance via our 1-inch silk dome tweeter and very capable proprietary 6½-inch aluminum cone woofer. The 61A-SW/R adds our AMT tweeter and reference 6½-inch aluminum cone phase plug woofer resulting in increased response, enhanced clarity and dispersion plus higher power handling. This speaker is well suited for Dolby Atmos® height effects enabling easy installation of your dream theater. It can also be located throughout the home for sublime music enjoyment. Mounting is easy via a "French cleat" system.

On-Wall-SERIES Signature & Reference

- Available in black or silver, signature standard or signature reference aluminum drivers

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

- Cabinet made in USA of High Density Fiberboard (HDF)

- Available in satin white or black
