MODULAR TOWER

BOOKSHELF SPEAKER W/ DUAL 8" SUB IN THE STAND

You will be astounded at the level of detail and impact from this conservative footprint, modular tower! The 621 with the 88-M dual 8" aluminum subwoofer module makes it happen.

Your immersive sound experience will be elevated even further when powered by an RBH DSP controlled chassis subwoofer amplifier. Next level performance, modular convenience.

Signature 621-M Reference 621-M

The Signature 621-M modular tower speaker will amaze you! The level of detailed sound from its small footprint is simply astonishing. With its MTM driver complement of two 6½-inch aluminum cone mid-woofers and a 1-inch silk dome tweeter, the 621-M delivers the clean, detailed sound you expect from RBH but with an added punch! Dual 8-inch aluminum cone woofers housed in a bottom, modular bass cabinet, results in a sonic, jaw-dropping performance! RBH DA-1202DSP amp suggested.

For an even higher level of detail step up to the Reference 621-M.

Upgrade includes:

- RBH Reference AMT tweeter
- RBH Reference aluminum mid-woofer drivers with solid metal phase plugs

Signature & Reference Series

- Available in black or silver, standard or reference aluminum drivers

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

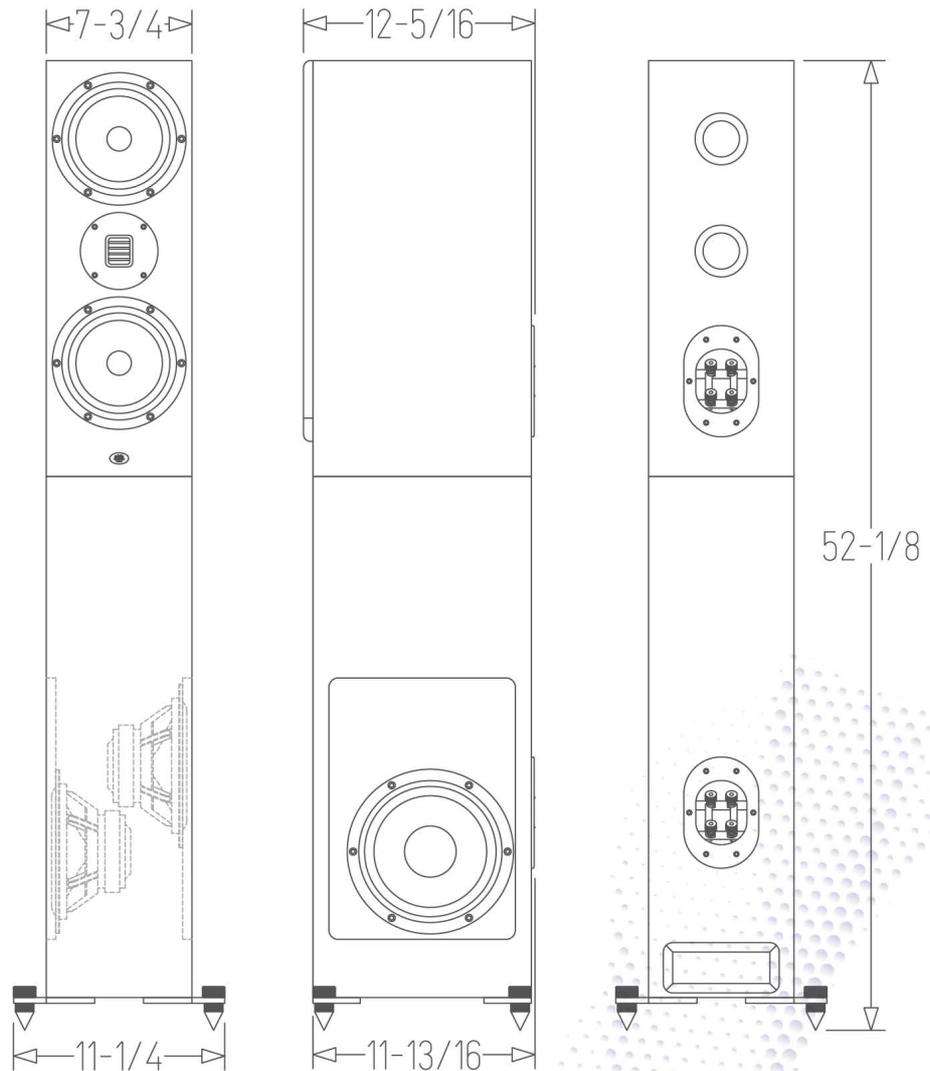

- Individually hand assembled and tested. Cabinet made in USA of High Density Fiberboard (HDF)

*Limited Warranty for 10 years (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.

It is RBH Sound policy to continuously incorporate improvements into products; all specifications are subject to change without notice.
