Proprietary AMT Tweeter

HDF Construction

Signature or reference. You can't go wrong any way you go. These cabinets are built tough and are sure to impress. Available in black or white satin finish.

Sturdy French cleat system installed to make mounting fast and simple. You'll find these 621 on-wall models useful not only for theater use but anywhere in your home.

Signature 621-W Reference 621-W

The Signature 621-W is a perfect match to its free-standing partner with added benefit of the same amazing performance conveniently wall-mounted. The 621-W makes impactful home theater possible without sacrificing valuable floor space. This speaker can be used as left and right main channels for music and home theater systems, or can also be used as center or surround channels. It can do it all. Of course it is perfectly timbre matched to its SF family partners for total flexibility enabling easy installation of your dream theater and can be located throughout the home for sublime music enjoyment. The versatile Signature 621-W utilizes dual 6½-inch aluminum cone woofers and a 1-inch silk dome tweeter. Mounting is easy via a "French cleat" system. Take it to the next level with the Reference 621-W that includes our infamous AMT tweeter and phase plug woofers that enhance clarity, power handling and dispersion.
