

632-W

# Signature & Reference series

By **rbh** Sound

available in  
standard or reference

## LCR ON-WALL

### DUAL PURPOSE FLEXIBILITY!

High Quality Aluminum Cone  
Anodized Black or Silver Options

HDF Cabinet Construction

AMT Tweeter

Discrete LCR functionality  
with two speakers.

You need a center channel and L/R solution with just two speakers? This is it! The RBH 632-W can do both. Conventional LCR or bottom "61" section can be wired as center.

French cleat speaker mounting is secure and simple. For medium to larger rooms you could use this flexible model in entire theater along with RBH Subwoofers to achieve amazing results!

# Signature 632-W Reference 632-W

What do you get if you combined the 61-W and the 621-W? The 632-W is the answer! With all of the versatility of the 621-W and the added benefit of higher sensitivity and more power handling, the Signature 632-W delivers on all accounts. What's more, the 632-W can act as independent 621-W and 61-W modules to give you discrete LCR channels from just two speakers. The supremely versatile Signature 632-W touts three 6½-inch aluminum cone woofers and two 1-inch silk dome tweeters. Mounting is easy via a "French cleat" system.

Take it to the next level with the Reference 632-W that includes our infamous AMT tweeters and phase plug woofers that enhance clarity and dispersion as well as increased power-handling due to the additional cooling the phase plug provides.

## On-Wall Signature & Reference

- Available in black or silver, signature or reference aluminum drivers

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

- Cabinet made in USA of High Density Fiberboard (HDF)
