DUAL-PORTED ALUMINUM 12" SUBWOOFER
MASSIVE BASS OUTPUT IN A SMALL SIZE

Long throw 12" driver

Braced, 3/4" HDF construction

Amplifier optimized with DSP

XLR & RCA connections

You need a subwoofer with incredible subsonic impact in a small size. The Signature 12 provides beautifully versatile bass that is both powerful for movies and musical to enjoy your favorite tunes.

The front, dual port design accommodates cabinet mounting and achieves lower frequency bass output. Available in 500 Watt and passive configurations.

Signature 12P Signature 12N

Incredible bass output that belies its size is what you will experience with the Signature 12 subwoofer. The cabinet is hand crafted and painted in the USA. The Phantom Black, satin paint is both beautiful and smudge/scratch-resistant.

- Signature 12P includes a DSP controlled 500W amp for larger spaces
- Signature 12N is passive option for use with external amplification. Ask us about available chassis amps.

The 12" proprietary damped, musically accurate, RBH Sound aluminum cone driver provides fast, detailed, room-filling bass that will rock the house without rocking the budget.

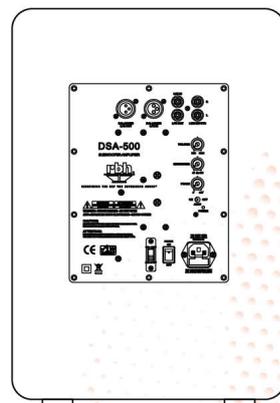

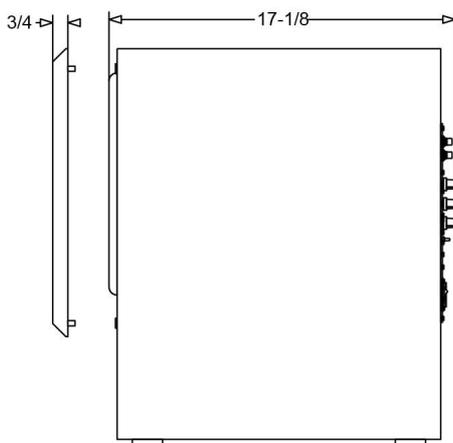

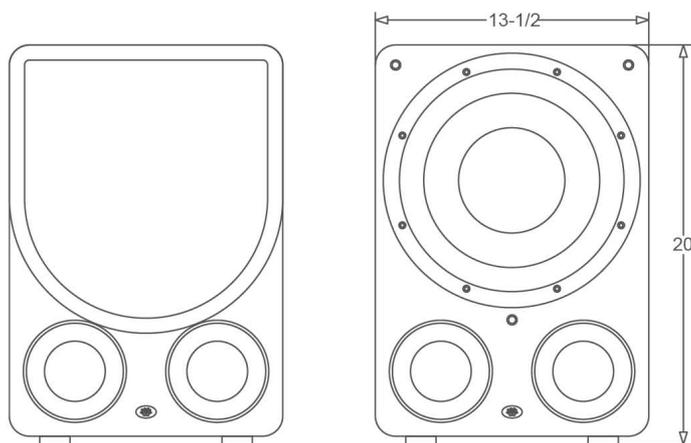

Signature Freestanding Subwoofers Powered/Passive

- Signature silver aluminum drivers
- Seamlessly integrates sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series
- Cabinet made in USA from 3/4" High Density Fiberboard (HDF)
- Comes standard with Phantom Black satin paint (satin white available upon request)

*Limited Warranty 10 years cabinet and components, 3 years amp (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
