

12-S

Signature series

By **rbh** Sound

SEALED ALUMINUM 12" MICRO SUBWOOFER

MASSIVE BASS OUTPUT SMALL SIZE

You've wanted a tiny sub with massive, deep output. This is it! Only slightly larger than the 12" driver, DSP controlled, 800 Watt sealed Signature 12-S subwoofer takes small yet big to the next level.

Tight, musical, impactful bass is a reality thanks to the clever engineering at RBH. Available in satin black or white with your choice of black or gray grille. Easy to tuck away, impressive performance.

Signature 12-S

Designed to reproduce tight and refined impact, the Signature 12-S adds musically deep bass to any stereo or home theater system. The cabinet comes in satin black or white and features strong, internal bracing to provide a perfectly tuned enclosure for the high-power signature series 12" aluminum cone driver. This is a fantastic, solution for any music lover or movie enthusiast needing an ultra small sub with powerful output.

- Signature 12-S includes a DSP controlled 800W amp for low distortion and tight powerful impact.

RBH Sound 12" proprietary damped aluminum drivers offer musically accurate sound. They provide deep, powerful, fast, detailed, room-filling bass that will rock the house without rocking the budget.

Signature Freestanding Subwoofers Powered/Passive
