

The 33

50th Anniversary series

rbh freestanding subwoofer

Walls filled with RBH *Granular Acoustic Damping System G.A.D.S. (patent pending)

ARE YOU KIDDING ME?!

NO, WE'RE NOT! 33 INCHES OF... WOW!

12,000W External

Feel the full scale, fathomless depth, and iron-fisted control only a true statement subwoofer can deliver.

The earth-shaker, The 33, transforms low-frequency performance into a fundamental force once unheard, and thereafter impossible to live without.

The 33

The 33 is the definitive statement of large format subwoofers.

Experience breathtaking power with thunderous low frequencies that defies imagination. The 33 means business!

With an anechoic -3dB response of 7Hz and the power of 3 of the UNRIVALED 21s, The 33 is a frightening machine. With a 50mm linear Xmax and a 150mm Xmech copious volumes of air can be displaced providing a monstrous sensation of impact. Sounds that are felt, rather than heard.

Your movie and music listening experiences will never be the same. Once you've experienced real infrasonic bass, it's hard to go back.

The thrill of action movies just got more exciting as you experience a new colossal depth.

50th Anniversary Series
