

CTx SERIES

SPEAKERS

MM-4x

COMPACT BOOKSHELF SPEAKERS

Compact but mighty, the MM-4x mini-monitor pulls double duty as both a main speaker and a surround speaker. Its 4-inch aluminum cone woofer and 1-inch soft dome tweeter provide rich, full sound despite its compact size. The MM-4x can be conveniently mounted on optional speaker brackets directly to the wall (a great option for plasma TV owners). Combine with the S-8 or S-10 powered subwoofers to create a compact home theater sound system.
