

MC-4C

BOOKSHELF SPEAKER

The MC-4C, with its 4-inch aluminum cone woofer and 1-inch aluminum dome tweeter, delivers satisfying sound regardless of its smaller size. The MC-4C makes a perfect surround channel speaker in a home theater system. It also makes a fantastic mini-subwoofer/satellite system when used with an MC Series subwoofer. The MC-4C features built-in threaded inserts on the back of the speaker for easy mounting with a speaker bracket (available separately).
