

# MC-6CT

TOWER SPEAKER

The MC-6CT is a fantastic tower speaker for home theaters and listening rooms alike. The flagship of the MC Series, the MC-6CT really lives up to that moniker by reproducing surprisingly accurate and deep bass without the aid of a subwoofer; however, the MC-6CT also shows it's softer side with a lush and layered top end which belies its affordable price tag. The MC-6CT features RBH's exclusive aluminum cone technology, employing three 6½-inch woofers and a 1-inch aluminum dome tweeter.
