

WM-30

ON-WALL LCR SPEAKER

Exemplifying the perfect marriage between performance and aesthetics, the WM-30 is a mere 3¾-inches deep and complements practically any flat-panel television or monitor. The driver complement of the WM-30 consists of dual passive and dual powered 4-inch aluminum cone woofers and a 1-inch soft dome tweeter for excellent acoustic detail and resolution. The included wall-mount bracket allows the WM-30 to be quickly installed in either a horizontal or vertical position. The WM-30 is the perfect answer for home theaters and media rooms where, high performance sound is needed.

The M Series on-wall speakers' unique design coordinates seamlessly with flat-panel televisions and monitors.

The innovative M Series speaker features RBH Sound's proprietary aluminum cone technology and is designed to complement high definition flat-panel televisions and monitors with high definition audio. Black-brushed, high strength extruded aluminum enclosures look phenomenal and are used to enhance the performance of the M Series speakers. Top off the look with black fabric grilles to match nearly every décor and flat-panel combination.
