

1010-SEN

NON-POWERED SUBWOOFER

RBH designed the 1010-SEN to provide timbre-matched sound consistent with the high value of the Signature Series lineup. The 1010-SEN is a non-powered, dual 10-inch aluminum cone subwoofer. Used as the subwoofer sections for the Signature Series T System for its performance and clarity, the 1010-SEN provides generous amounts of accurate, clear, non-filtered bass down to 24Hz! Featuring a front-firing port, the 1010-SEN is also a great subwoofer to integrate into custom cabinetry. This model is only available in custom wood finishes.
