

SIGNATURE SV SERIES

SPEAKERS AND SUBWOOFERS

SV-6500

TOWER SPEAKERS

The SV-6500 tower speaker provides big sound from its small profile. With its 3-way driver complement of three 6½-inch aluminum cone subwoofers, two 6½-inch woofers and a 1-inch silk dome tweeter, the SV-6500 delivers all the impact and clarity of a much larger speaker. The bass reflex cabinet of the SV-6500 helps it to deliver unrivaled detail and accuracy; not only is it more than capable of belting out any explosion, it can also flawlessly reproduce even the softest musical note with ease. The SV-6500 can be bi-wired or bi-amplified via the high quality, dual 5-way binding posts to further enhance its performance.
