

SIGNATURE SV SERIES

SPEAKERS AND SUBWOOFERS

SV-6500R

TOWER SPEAKERS

The SV-6500R tower speaker is the reference upgrade to the SV-6500. Three 6½-inch aluminum cone subwoofers, two 6½-inch reference aluminum cone woofers and an AMT tweeter work together to deliver first class detail and accuracy. The SV-6500R has the capability of accurately reproducing the loudest explosions as well as the softest whispers, making it the perfect tower speaker for high fidelity music and home theater systems. To optimize its performance, the SV-6500R can be bi-wired or bi-amplified via the high quality, dual 5-way binding posts.
