

# SX-4T

## THREE-WAY TOWER SPEAKER

---

The SX-4T is an incredible three-way tower speaker with the high performance required for both home theater and for critical two-channel listening environments. Constructed of only the highest quality components, this beautifully curved and slender tower speaker provides an immense sound-stage with pinpoint imaging. The SX-4T utilizes the same proprietary aluminum cone technology found in RBH Sound's award-winning Signature Series speakers. With multiple 4-inch aluminum cone woofers, single midrange driver coupled with a 1-inch silk dome tweeter, the SX-4T is more than capable of delivering to its listeners everything from the softest whisper to the loudest explosion with exceptional accuracy and detail.
