

SX-66

ON-WALL SURROUND SPEAKER

Amazing on-wall surround performance. The SX-66 delivers scintillating effects reproduction that will make you look around you to see if you're really in the scene. RBH's proprietary in-phase 6½-inch aluminum cone woofers and high quality out-of-phase 1-inch silk dome tweeters provide a bi/di-polar effect that diffuse the sound for best surround effects yet are highly articulate thus providing amazing impact in medium to larger theaters. Easily installed using integrated keyhole brackets.
