## R-55

### TOWER SPEAKERS

The R-55 is a 3-way high-performance tower speaker. The beautiful curves of the R-55 and its sleek, elegant stature present a sophisticated addition to your home. Three 6½-inch poly-mica woofers provide plenty of low-end for both music and movies, while the dual 5¼-inch poly-mica mid-woofers accompanied by a 1-inch fabric dome tweeter deliver superb mid and high frequencies. The R-55 ships with outrigger feet to enhance the look, stability and performance of this beautiful tower speaker. Available in standard phantom black, a satin finish designed for dark theater rooms where reflections are not ideal, and it also resists scratches, scrapes, and smudges. A gorgeous high-gloss black finish is also available.
