

Product Specifications

BC600-70 IN-CEILING SPEAKER

Description:

The Builder Series BC600-70 is the budget-minded answer for both residential and commercial in-ceiling speaker applications. The BC600-70 employs a poly graphite woofer cone and a soft dome tweeter for great sound on a budget. Other amenities include a UL listed integral rear enclosure and a built-in multi-tap transformer, enabling the BC600-70 to be used with either 8 Ohm or 70/100 Volt audio systems. The BC600-70 provides full-range performance while exceeding building code compliance. The shape of the cone for the BC600-70 6½-inch woofer made from poly graphite has been optimized for perfect sound dispersion. The ¾-inch swivel fabric dome tweeter remains free of distortion or edginess at even very high frequencies. Both the grille and frame can easily be painted in any color for a perfect integration into any decor. Furthermore, pre-construction brackets are available to better facilitate installations of the speaker.

Applications:

- Two-channel Audio
- Multi-room Audio
- Home Theater
- Commercial 70 Volt Audio

Technical Information:

Model Number: BC600-70

Series: Builders

Woofer: 6.5" (133mm) Poly Graphite

Tweeter: .75" (19mm) Swivel Fabric Dome

Power Handling: 2-60 Watts

Impedance: 8 Ohm or 70/100 Volt

Frequency Response: 58Hz–20kHz

Sensitivity: 88dB

Color: White

Grille: White (paintable aluminum)

Cutout Dimensions: 8" (203mm)

Finished Dimensions: 9.125" (232mm)

Finished Depth: 4.5" (114mm)

Weight: 4 lbs. (1.81 kg) each

70/100 Volt Operation: Taps 2, 4, 8 and 16 Watts

Warranty: 10 years
