

RBH Sound

INDOOR / OUTDOOR SPEAKERS

Looking for ways to soundscape your outdoors?

A-5AWD Outdoor Speakers

The new A-5AWD combines the performance of the A-5AW with the convenience of a dual-channel, or single-point stereo design. The 5¼-inch aluminum woofer and 1-inch mylar tweeter combine to provide high fidelity and stereo sound. With its rugged water resistant poly-resin housing, mounting locations are almost limitless. Mount the speaker either vertically or horizontally or any angle in between with the included swivel bracket.

R-8/70 Outdoor Rock Speakers

This rock-like speaker features a 70/100 volt transformer allowing several speakers to be connected together without concern for the impedance seen by the amplifier. The R8/70 outdoor speaker is available in granite or sandstone finishes feature the look and feel of natural rocks. These high-quality rock speakers look great around the pool, pond and even hidden amongst garden plants.

A0520 Outdoor Speakers

The A0520 Indoor/Outdoor Speaker allows you to enjoy phenomenal stereo sound outdoors. From deep rich bass to crystal clear highs you'll be impressed with the sonic clarity of this state of the art outdoor speaker. With its rugged water resistant poly-resin housing, mounting locations are almost limitless. The included swivel bracket allows you to mount the speaker either vertically or horizontally or any angle in between.
