

12-i

Gen-3! Impression series

by **rbh** sound

12" POWERED SUBWOOFER BIG OUTPUT-BUDGET FRIENDLY

You'll be grinning about the depth and life your 12-i subwoofer will bring to the party! Your music and video will present the full audio impact they were created to impress you with. Bravo!

Your RBH Impression Series 12in subwoofer is built with the same hands-on care, precision and quality you expect from RBH Sound. It's what we do. Available in satin black or white.

12-i

The Impression Series 12-i is our most economical powered subwoofer yet it's the high quality and performance you expect from RBH Sound. In-house constructed and hand painted HDF cabinet loaded with our proprietary 12inch Polypropylene cone driver featuring NBR surround for longevity and a powerful magnet in its motor structure housed in a sturdy steel frame. Our hybrid 350Watt amplifier motivates the woofer driver, aided by our Passive Radiator, to produce subtle or room-rattling effects to add that real life dimension to your music or video entertainment. Due to the sealed cabinet's compact size, it is convenient to add a second subwoofer for larger rooms which provides the recommended even dispersion coverage suggested for best performance realism and enjoyment. When combined with the remaining Impression models 85-i, 55-i and 5-i, the result is a very impressive system at an equally impressive price!

On-Wall-SERIES Signature & Reference

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV, SW or SI-Series

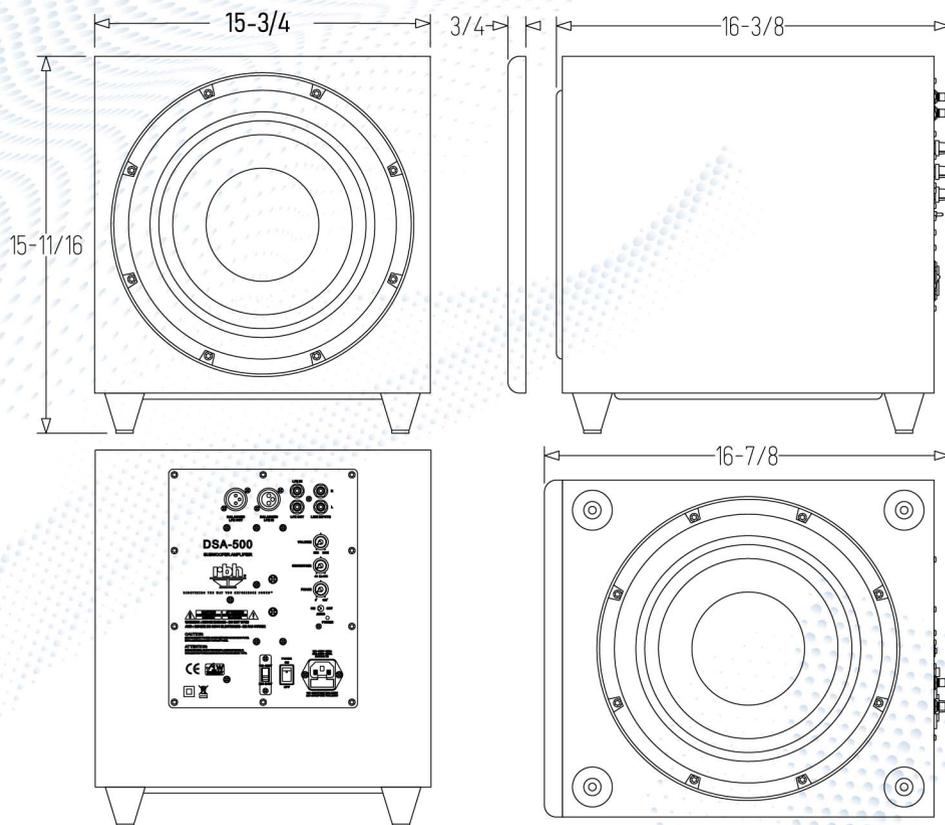

- Cabinet made in USA of High Density Fiberboard (HDF)

- Available in satin white or black

*Limited 10 Year Warranty on Subwoofer and 3 year on Amplifier (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
