

821-W

Premier series

rbh Premier product

## PREMIER ON-WALL

## EXTREME DYNAMIC VERSATILITY

HDF Cabinet

High Quality Aluminum Cone  
Black Anodized

Reference AMT  
Tweeter

Premium Aluminum Frame  
Durable NBR Surround

Your ultimate home theater can be totally completed with the versatile and impactful Premier 821-W to easily enjoy your immersive experience.

Top and bottom French Cleats on the Premier 821-W enable secure, fast and simple wall installation you can depend on. Reference level output and clarity will provide realistic experience.

# Premier821-W

The Premier 821-W speaker has performance characteristics very close to its larger 831 model sibling with the visual benefit of a smaller footprint. The Premier 821-W has two 8-inch aluminum cone woofers and a large high-quality AMT aero-striction tweeter in a MTM driver alignment and is capable of producing reference level dynamic range with ultimate fidelity in large home theaters or listening rooms. The size and installation flexibility of the 821-W makes it a go-to model. Use it as a complete high-output theater system, LCR and surrounds. It can also be used as on-walls throughout larger homes or locations benefiting from higher power handling speakers.

For ultimate impact check out the RBH S and SI Subwoofer models to complement and complete your dream home theater that will leave you, your family and guests in awe.

## On-Wall Premier Series

- Black anodized reference aluminum drivers housed in cast aluminum baskets

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

- Cabinet made in USA of High Density Fiberboard (HDF)

- Available in satin white or black

\*Limited 10 Year Warranty (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
