Premier 84-SB Premier 86-SB

BIG! But still easy to install. We loaded these companions to your big screens with four or six of our proprietary 8" cast frame alu cone drivers and three high-performance Aurum Cantus AMT tweeters all housed in our locally hand made HDF cabinet to make a large LCR sound bar that will handle the output you require to immerse yourself into your favorite movies or practically a live musical performance. The Premier 84-SB fits TV dimensions of 65, 75 and 85 inches. The Premier 86-SB is standard sized to fit 85in TVs but can be custom sized to fit larger TVs or your screen. Both can also be employed as wide format center channels for large theaters. Combine with our Premier 821-W models and a pair of dual 12in subs or our UNRIVALED 21-SF/R for a truly unbelievable experience! All in the fraction of the usual time to achieve this level of performance. Amazing!
