

55-W

Impression & Inspire series

By **rbh** Sound

ON-WALL LCR

EASY MOUNT - VERY FLEXIBLE

You need a compact LCR / surround that's easy to install yet provides impressive output. The 55-W is amazingly capable and flexible. You could use them for whole home too!

French cleat speaker mounting is secure and simple. Combine with RBH 5-W models plus one of our matching soundbars and a sub to quickly complete your system.

Impression 55-W

Inspire 55-W

Installing our proprietary 5-1/4" truncated cast frame reference drivers with either our versatile satin fabric dome tweeter or our lauded AMT tweeter into our locally hand made HDF cabinet that's only 4-1/8" deep with grille, resulted in one of our most flexible on-wall models. The sweet spot of size and performance. You can mount this speaker almost anywhere via a simple "French cleat" system.

Move up to the Inspire 55-W that includes our proprietary AMT tweeter to peak clarity and increase power-handling. The phase plugs in the mid-woofers provide cooling and increased cone response. Opt to install as a LCR or full surround combined with a matching RBH soundbar and 12in sub for a great system in just a couple of hours! Also useful as a whole-home audio setup or as bookshelf speakers!

Impression & Inspire

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

- Individually hand assembled and tested. Cabinet made locally in USA of High Density Fiberboard (HDF).

- Available in satin white or black

*Limited 10 Year Warranty (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
