

# 555-W

# Impression & Inspire series

By **rbh** Sound

Install as Left-Center-Right  
or Surround Channels

## ON-WALL LCR

## HIGH PERFORMANCE - VERY FLEXIBLE

Proprietary Tweeter (AMT in Reference)

HDF Cabinet Construction

Cast Aluminum truncated basket

Black Anodized Aluminum Cone and Solid Metal Phase Plugs

Durable NBR Surround

Easy French Cleat Mounting

You desire a low profile, high-performance, and high value speaker! Look no further than the 555-W! Designed to timbre match with the rest of the Impression line by RBH Sound.

French cleat speaker mounting is secure and simple. Optional discrete phatom center configuration available for ultimate flexibility.

# Impression 555-W

## Inspire 555-W

Installing our proprietary 5-1/4" truncated cast frame reference drivers with either our versatile satin fabric dome tweeter or our lauded AMT tweeter into our locally hand made HDF cabinet that's only 4-1/8" deep with grille, resulted in one of our most flexible on-wall models. The sweet spot of size and performance. You can mount this speaker almost anywhere via a simple "French cleat" system.

Move up to the Inspire 555-W that includes our proprietary AMT tweeter to peak clarity and increase power-handling. The phase plugs in the mid-woofers provide cooling and increased cone response. Opt to install as a LCR or full surround combined with a matching RBH soundbar and 12in sub for a great system in just a couple of hours! Also useful as a whole-home audio setup or as bookshelf speakers!

Impression  
&  
Inspire

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

- Individually hand assembled and tested. Cabinet made locally in USA of High Density Fiberboard (HDF).

- Available in satin white or black

\*Limited 10 Year Warranty (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
