Inspire

Impression

Install as Left-Center-Right (LCR) or Center Channel

## LCR SOUNDBAR

### QUICK INSTALL - FOUR SIZES!

Proprietary AMT Tweeter  
(Fabric dome standard)

HDF Cabinet Construction

Cast Alu Frame, NBR Surround

Black Anodized Aluminum Cone  
Solid Metal Phase Plugs

You need a LCR/Center solution that's more compact yet robust enough to handle your big screen experiences in a smaller to mid size theater without breaking the bank. This is it!

Easy French Cleat Mounting

Magnetically Attached Grille

French cleat speaker mounting is secure and simple. Combine with RBH 55-W and 5-W models plus one (two!) of our 12in Subwoofers to achieve huge sound in just a few hours!

# Impression 54-SB Inspire 54-SB

We combined our proprietary 5-1/4" truncated cast frame reference drivers with either our versatile satin fabric dome tweeters or our lauded AMT tweeters all housed in our locally hand made HDF cabinet to make a LCR sound bar that will blow you away when you hear it compared to its size. The Impression 54-SB is made to fit the four most popular TV dimensions, 55, 65, 75 and 85 inches. Mounting is easy via a "French cleat" system.

Take it to the next level with the Inspire 54-SB which includes our proprietary AMT tweeters that enhance clarity and increase power-handling. The phase plugs in the mid-woofers provide cooling and increased cone response. Opt to install as a broad center channel and add combinations of Inspire 5-W or Inspire 55-W plus a RBH Subwoofer to complete your amazing system!

## Impression & Inspire

- Provides timbre matched options for multi-channel sound across all freestanding, bookshelf, on-wall and in-wall products in the SF, SV or SI-Series

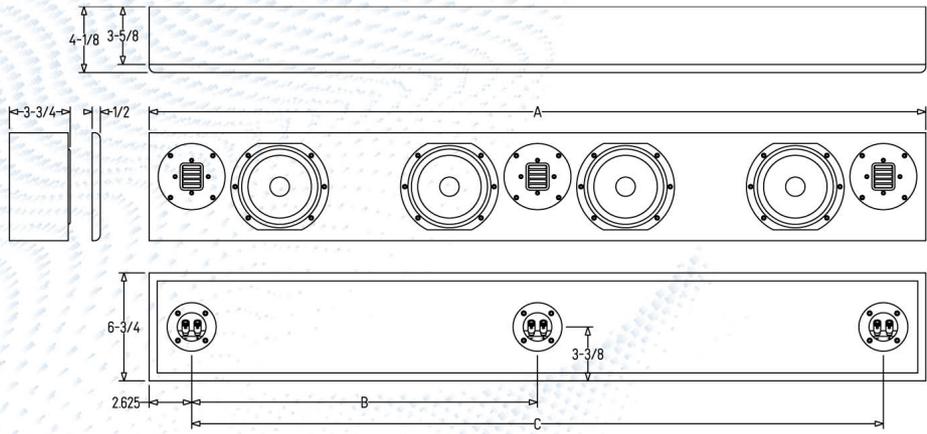

- Individually hand assembled and tested. Cabinet made locally in USA of High Density Fiberboard (HDF).

- Available in satin white or black

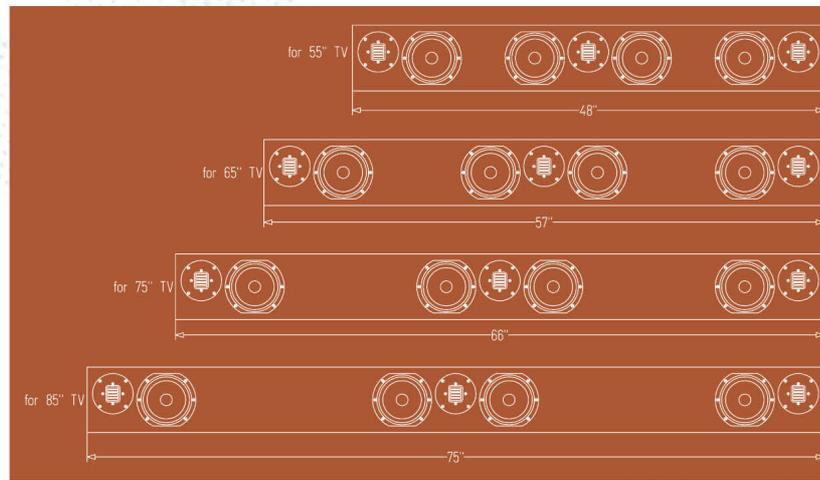

\*Limited 10 Year Warranty (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
