

61-I

Signature & Reference series

By **rbh** Sound

VERSATILE IN-WALL STANDARD AND REFERENCE OPTIONS

Heavily braced HDF box

Seperate baffle design

Reference aluminum driver

Reference AMT Tweeter

Fabric grille

You need a custom installed elegant solution for your surrounds or, an entire smaller theater. The 61-I Signature or AMT tweeter enhanced 61-I Reference version is a great choice.

Only a small white or black fabric grille is visable yet there's full cabinet volume allowing this discreet 2-way to really perform! You'll be amazed at the accuracy and detail.

Signature/ Reference 61-I

Perfect for the listener who demands high performance from a smaller in-wall footprint, the Signature 61-I is a two-way design that works well as the main and surround speakers in an in-wall surround sound system, or as a pair of in-wall surround speakers to compliment a pair of freestanding Signature Series speakers. Its 6½-inch aluminum cone woofer and 1-inch fabric dome tweeter deliver incredible realism and detail not typical of regular in-wall speakers.

The Reference 61-I, excels as main and surround speakers in an in-wall home theater system also as in-wall surround speakers to complement a pair of freestanding Reference speakers.

Signature & Reference Series

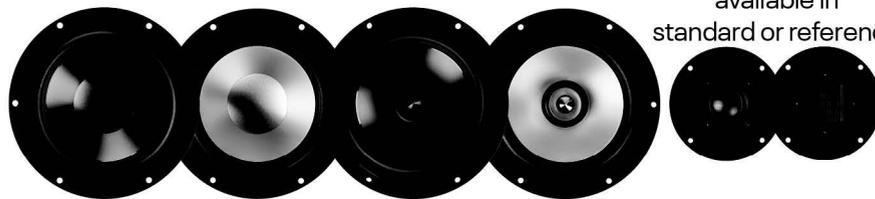

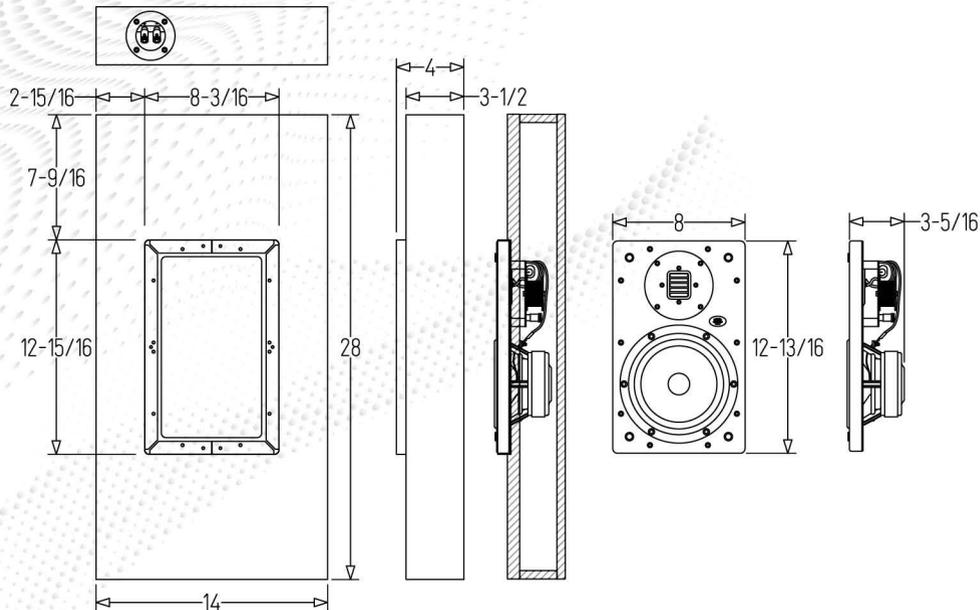

- Proprietary damped, aluminum drivers
- Heavily braced, HDF USA built cabinet sized to fit between studs placed 16" on center
- Tweeter protection circuitry is incorporated to prevent driver damage if over driven
- Separate baffle design allows for cabinet installation during construction without worry of driver damage
- multiple options in the series are designed for wide range of requirements
- series options include in-wall and on wall

*Limited Warranty for 10 years (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
