IN-WALL LOUDSPEAKER ULTIMATE THEATER VERSATILITY

Heavily braced HDF box

Seperate baffle design

Reference aluminum driver

Reference AMT Tweeter

Fabric grille

Your custom installed Signature 621-I or Reference 621-I is a sealed design built-in speaker, perfect for music and movies. The sealed design provides controlled linear, highly detailed sound.

This MTM design can be your entire theater, LCR, sides and surrounds. Just add a RBH subwoofer or, better, two for balanced bass response, and enjoy an amazing performance!

Signature/ Reference 621-I

The Signature 621-I is a classic D'AppolitoMTM (Mid/Tweeter/Mid) design, which lends itself perfectly for use as a main, center (horizontal or vertical), or surround speaker. Dual 6½-inch aluminum cone woofers and a 1-inch fabric dome tweeter make up the 621-I's powerful driver complement. The versatility and exceptional performance of this in-wall speaker are what make it one of RBH's most popular in-wall models. As the Reference 621-I performs as a main, center, or surround speakers in a surround sound system. The Reference 621-I can also be teamed up with other Reference models to create a custom timbre-matched home theater system.

Signature & Reference

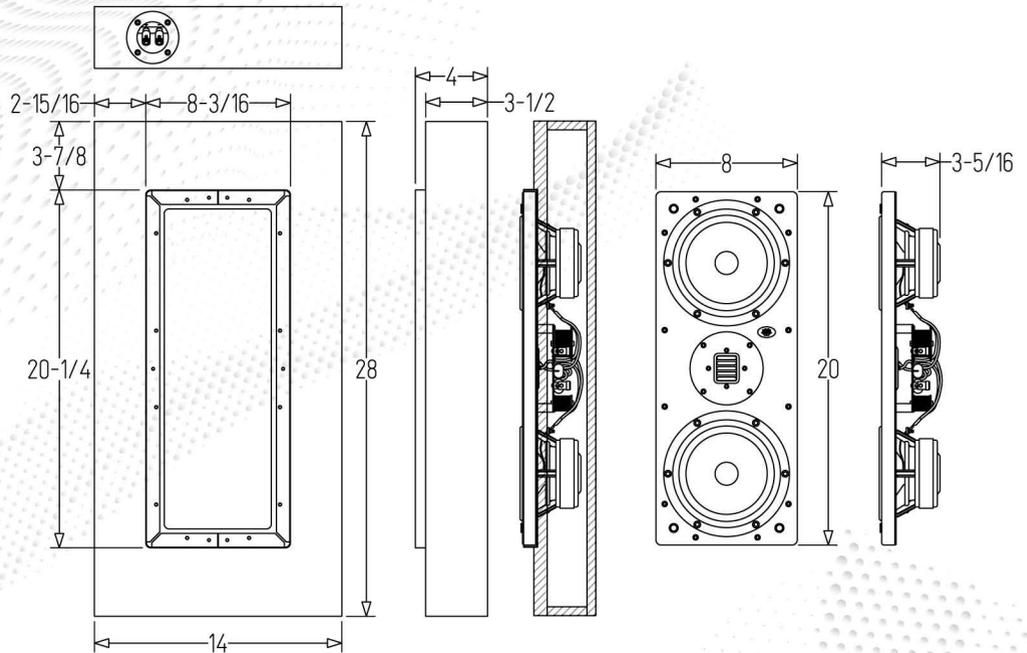

- Proprietary damped, aluminum drivers, standard or reference
- Heavily braced, HDF cabinet construction, sized to fit between studs placed 16" on center
- Tweeter protection circuitry is incorporated to prevent driver damage if over driven
- Separate baffle design allows for cabinet installation during construction without worry of driver damage. Retrofit baffle in-wall bracket is available
- multiple in/on-wall options in the series are designed for wide range of requirements

*Limited 10 Year Warranty (with registration) from date of purchase to be free from defects and workmanship. For more information contact your RBH dealer or check our website.
