

Obelisk

# 50th Anniversary series

**rbh** freestanding tower

Available as either fully powered or powered and passive hybrid

## A NEW ERA HAS ARRIVED

### LIFE-LIKE PERFORMANCE SMALL FOOTPRINT

HDF and Acrylic Polymer cabinet and bezel

Reference AMT

Premium 10in Planar mid-transducer

Magnetic grilles

2 x 600W DSP/FIR Amps onboard

Two RBH Aluminum 8inch opposing bass drivers

Spiked Feet in Plinth

You have discovered tower performance with statement-level presence. The authority, openness, and lifelike scale deliver a truly unforgettable listening experience.

A new achievement in elegant full-range design. Available fully active with dual 600W DSP amplifiers or as a powered and passive hybrid with remarkable placement flexibility.

# Obelisk

50 years! We can't believe it either! That's half a century of pushing boundaries, refining our craft, and proving that passion and precision never go out of style. It's that heritage meets forward-thinking spirit that created the Obelisk.

A speaker born from our desire to build something visually bold, sonically commanding, and unmistakably RBH. Powerful yet graceful, refined yet fearless, the Obelisk delivers room-filling scale, effortless bass authority, and the kind of realism that makes music feel alive.

Designed for listeners who want statement performance without sacrificing elegance, the Obelisk stands as a celebration of where we've been—and where we're going next.

## 50th Anniversary Series

- Available in black or silver, standard or reference aluminum drivers

- Provides timbre matched options for multi-channel sound across all cabinet products in the RBH Sound family
